● = compatible
10 = volume de pipetage limité
✗ = non recommandé
(fond jaune) = aucun contrôle réalisé
MC = pipette multicanaux

Les fabricants de pipettes perfectionnent ou modifient les cônes de leurs pipettes dans le cadre de modifications techniques. Nos recommandations visées dans le tableau de compatibilité ne sont donc fournies qu'à titre d'information. En cas de doute, nous mettons à votre disposition des échantillons de pointes gratuits afin que vous puissiez tester vous-mêmes la bonne fixation et le retrait aisé de nos pointes avec votre pipette.

Sous réserve de modifications techniques

Cette brochure peut contenir des informations sur des produits non disponibles dans certains pays

● = compatible
10 = volume de pipetage limité
✗ = non recommandé

(case jaune) = aucun contrôle réalisé
MC = pipette multicanaux

Les fabricants de pipettes perfectionnent ou modifient les cônes de leurs pipettes dans le cadre de modifications techniques. Nos recommandations visées dans le tableau de compatibilité ne sont donc fournies qu'à titre d'information. En cas de doute, nous mettons à votre disposition des échantillons de pointes gratuits afin que vous puissiez tester vous-mêmes la bonne fixation et le retrait aisé de nos pointes avec votre pipette.

SARSTEDT
